Curiosity

A sparkling wine for every occasion, a democratic wine of unquestionable **pleasantness**.

The **king** of our collection, a straw-yellow nectar with fine and elegant perlage.

The great **2020** vintage, characterized by the perfect quantities of precipitation in June and a particularly dry climate in July and August, has given us grapes of excellent quality in which the typical fruity flavours were developed. The first nose reveal the classic william pear and apple perfume, matched by delicate white spring flowers aromas.

- **Custom code:** W30022041093
- **Bottles per case:** 6
